Inspired Swiss design

Innovative “ABC” standing

The first truly active standing wheelchair

This is LEVO: combining 40 years of market leading standing experience LEVO is proud to introduce its new “best in class” manual standing wheelchair line.

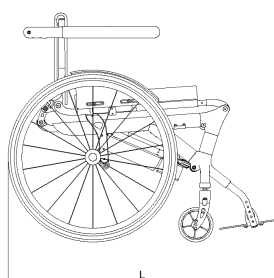

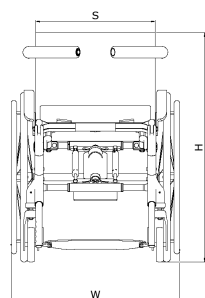

Our new innovative design delivers the features of an active wheelchair and state of the art standing technology, allowing you to reach the perfect standing position, from any seating position you choose.

The **LEVO Summit** combines the lowest stand-up wheelchair weight with the highest user capacity in the market.

Highlights:

- Weight of just 21 kg
- Weight capacity max. 125 kg
- Automatic backrest compensation “ABC” for ergo correct standing
- Compact active driving
- Easily configurable and convertible to individual needs
- Converts from manual/manual to manual/electric
- Easy transfer
- Easy transport
