# SISSEL® WORLDWIDE – A PHILOSOPHY WITH SWEDISH ROOTS

## A neck pillow from Sweden writes a success story!

The SISSEL® neck pillow was originally created in 1986 when a Swedish woman was looking for a solution to relieve her neck pain. The result was an anatomically shaped neck pillow that quickly attracted the interest of professionals in therapy, nursing and rehabilitation. Clinical studies also proved the successful mode of action of this pillow.

The SISSEL® neck pillow became a great success. The uniquely slanted and supportive shape of the neck pillow, affectionately called "Kudden" in the company, became the trademark of the company, which is also expressed in the company logo. To this day, this anatomical, effective shape has stood the test of time and has since formed the foundation of our corporate philosophy "The Natural Way".

What began with the SISSEL® neck pillow was expanded under the visionary leadership of the two managing directors, Jens and Lars Friebel, into a diverse, health-oriented product portfolio with the theme worlds "Healthy Sleeping", "Healthy Sitting", "Healthy Moving" and "Well-being".

Jens and Lars Friebel form the dynamic and future-oriented management of SISSEL® GmbH.

Thanks to international partners, SISSEL® is now available in over 70 countries worldwide. With competent advice, first-class service and field-tested implementation concepts, we support our customers in their daily business. For example, you can draw on an extensive pool of ready-made advertising materials and marketing tools: catalogues, posters, banners, displays, customer and product brochures arouse interest and promote sales. In addition, almost all SISSEL® products come in attractive packaging with a QR code to the matching application video.

**A perfectly coordinated system for maximum success.**

*The natural way*

## SISSEL® – Proven quality for over 35 years

Convincingly good: For over 35 years, the SISSEL® brand has stood for quality and customer satisfaction. Every product in our health range is selected and manufactured to the highest quality standards.

Continuous innovation in terms of product development, production processes and technologies, material selection as well as a focus on sustainability and social responsibility are cornerstones of our company.

- Production mainly in Europe (especially Sweden and Germany).
- All SISSEL® medical products comply with the safety and performance requirements according to Regulation (EU) 2017/745 (MDR).
- Quality management system certified according to DIN EN ISO 13485:2016

## SISSEL® – The natural way

Equally formative is our guiding principle and claim to support the health of our customers in a natural way. With a high-quality product portfolio that helps to maintain and promote health.

## Customer satisfaction guaranteed: 5 years SISSEL® guarantee

You can rely on SISSEL® quality. That's why we give a 5-year guarantee on the shape stability of all orthopaedic SISSEL® neck pillows, SISSEL® Soft Curve, SISSEL® Buchi® Soft, SISSEL® Medi Support, SISSEL® Sit Special 2 in 1, SISSEL® Sit Ring and SISSEL® Back.

This is the "Swedish difference" that makes our products and our company special.

FOLLOW US ON:

## THE SISSEL® HEALTH CARE CIRCLE

**At SISSEL® we see health holistically.**

You will find selected products for your health in the areas of Healthy Sleeping, Healthy Sitting, Healthy Moving and Well-being.

In keeping with SISSEL® The natural way – we stand for a high-quality and diverse range of innovative health and wellness products that support people's health and well-being in a natural way.

**For more health and quality of life.**

## THE SISSEL® INNOVATION – THE SPINEFITTER BY SISSEL® SYSTEM

**Innovative, modular system for maximum application possibilities**

**NEW**

**Versatile training – mindful, easy and everywhere.**

The SPINEFITTER by SISSEL® system was developed by an interdisciplinary team of physiotherapists, osteopaths and Pilates trainers. Numerous exercises from the fields of Pilates and yoga can be combined and supplemented with the SPINEFITTER by SISSEL®. To support this, twelve exercise videos are available online. Furthermore, the SPINEFITTER by SISSEL is registered as a medical device within the EU and has quickly become a professional asset in physiotherapy and medical applications.

The multitool is made of PU integral foam. This material is comfortable, light, flexible, disinfected and can therefore be used in any place. It is available in the colours green, blue, purple-red and anthrazit and comes with a carrying strap. For versatile, holistic training. Thanks to targeted exercises, the SPINEFITTER equally supports the mobilisation of joints, the release of tension and the strengthening of deep muscles. It thus provides more mobility and effectively helps with pain in the back, neck and shoulder area.

In addition, the modular design of the system makes it easy to attach various add-ons, such as the SPINEFITTER by SISSEL® Trigger Tool. This is attached to the SPINEFITTER by means of a plug-in connection and is used for increased, punctual pressure build-up, for the targeted loosening of pain points (trigger points) and hardening of the paravertebral musculature. Thanks to a similar technique, the SPINEFITTER can be extended with the Extension Kit. The SPINEFITTER by SISSEL® Linum Pro (wipeable and disinfected), a heating/cooling pad filled with linseed, enables easy and precise fitting thanks to holding pockets and Velcro fastener.

\*Study data: You can request the summary of the study via e-mail – info@sissel.de

**1 SPINEFITTER by SISSEL® Mini**

Our compact mini version of the SPINEFITTER by SISSEL® – perfect for on the go.

**2 SPINEFITTER by SISSEL® Extension Kit**

Allows the SPINEFITTER to be extended – perfect for people over 1.80 m tall. Consisting of the SPINEFITTER by SISSEL® Mini and a connecting piece, the Connector.

**3 SPINEFITTER by SISSEL® Linum & Linum Pro**

The precisely fitting SPINEFITTER pad with natural linseed filling can be used for heat and cold applications on the SPINEFITTER and comes in two varieties (one for home and one for professional applications).

**4 SPINEFITTER by SISSEL® Trigger Tool**

SPINEFITTER Add-On as a plug-in attachment, which enables the targeted treatment of pain points (trigger points), tension and hardening along the spine.  
Tip: Can also be used with the SPINEFITTER Mini.

**5 SPINEFITTER by SISSEL® Drinking Bottle**

Double-walled, food-safe vacuum insulated bottle made of stainless steel. Keeps your drink at the desired temperature level for a long time. The ideal training companion.

## SISSEL ACADEMY

**The SISSEL® ACADEMY was founded a decade ago and stands for first class international fitness and rehabilitation educational programmes led by a global community of experienced Educators.**

As Head of SISSEL® ACADEMY, Nina Metternich, dedicates her time building and developing the ACADEMY on an international scale. With her profound knowledge of physiotherapy, osteopathy, and Pilates, Nina has a long career that encompasses academic excellence, therapy practice, and educating trainers at the highest level. Therefore, she is the perfect mastermind and visionary behind this growing institution. The ACADEMY's mission is to support the high quality training of future Educators and to create exciting and purposeful new workshops for the fitness and health industry of tomorrow.

The SISSEL® ACADEMY offers high quality workshops in a stimulating and professional environment. Deepen your skill set and get inspired by our dedicated workshop formats focusing on the SPINEFITTER by SISSEL® and new SISSEL® product developments.

Our diverse course concepts give trainers, therapists, and movement specialists the opportunity to expand their professional knowledge. The SISSEL® ACADEMY workshops permit attendees to dive deeper into the anatomical correlations and core principles of the selected SISSEL® product and includes exercise programmes to support individual and group training and rehabilitation. The courses contain a strong focus on practice based knowledge, thus allowing specialists to directly implement their newly gained know how from the workshop in their personal training or therapy practice.

# SISSEL® ON THE PULSE OF TIME

As a traditional family business, SISSEL® stands for the highest quality and customer satisfaction as well as for a constant drive for innovation, a sense of responsibility and sustainability.

A milestone in terms of resource conservation is our new product packaging, which will be introduced successively from 2023. The new, fresh design impresses with clarity, a reduced, elegant look with Scandinavian flair and a focus on the essentials.

**The new packaging offers numerous advantages:**

- Sustainability and resource saving
- Climate-neutral natural cardboard (CO2 neutral)
- Reduced use of colours (use of only one printing colour)
- Packaging from responsible sources (FSC certification)
- No outer carton necessary (packaging is suitable for direct shipping)

**Clarity and navigation in the assortment:**

- Easy navigation and clear affiliation of the products to the 4 theme worlds of the SISSEL® Health Care Circle (see page 4)
- Stylised application illustration on the front

Our logo and claim were also gently modernised and thus made fit for the future.

SISSEL® – The natural way. Our guiding principle is a living programme for us, which we dedicate ourselves to and implement stringently. In the course of modernising our company logo, it was particularly important for us to focus on the core of our guiding principle. Strengthened by innovative products and in a new, sustainable guise, we are ready for the future.

*The natural way*

## Preserve the tried and tested – Professional presentation with the SISSEL® sales aids

Our advertising materials and sales aids are of course still available to you as usual. Put yourself in the "limelight" professionally and show what you have to offer! With the SISSEL® marketing concept you increase your sales success and your image. You have access to an extensive pool of attractive, ready-made advertising materials and marketing tools in natural design: catalogues, posters, banners, displays, customer and product brochures arouse interest and promote sales.

If you are interested in Point Of Sale materials, such as the SPINEFITTER by SISSEL® roll-up, display, branded Gym Mat Plus etc., please contact us at the following email address: [info@sissel.com](mailto:info@sissel.com).

# HEALTHY SLEEPING

COMFORTABLE REST

The **unique tapering** in all SISSEL® Orthopedic Pillows guarantees that the shoulder is positioned so that the spine and the intervertebral discs are supported.

## SISSEL® ORTHOPEDIC PILLOWS

The shape, quality and design, tried and tested for over 35 years!

All SISSEL® Orthopedic Pillows provide specific support for the lower cervical spine. The whole shoulder and neck area is supported. The pillow's unique tapering between the shoulder and spine fills the space between them and gently moves the spine into an anatomically correct position. The slight stretching feeling in the neck and spine can initially feel unusual as the body needs a little time (2 to 14 nights) to re-adjust to a natural healthy sleep and become used to lying on an original, anatomically shaped SISSEL® Orthopedic Pillow.

The SISSEL® Classic and Classic Plus are made of polyurethane foam which has a high support factor. The SISSEL® Soft, Soft Plus, Soft Deluxe and Soft Bambini are made of visco-elastic foam which is much softer. All the pillows are hand washable. More benefits can be found in the detailed product descriptions.

A conventional pillow does not provide enough support for the neck and cervical vertebrae.

The SISSEL® Orthopedic Pillow provides perfect support for the neck, no matter how you lie.

## SCIENTIFIC BACKGROUND: NECK PROBLEMS AND TRANSFERRED NECK PAIN

Extract from a study by Hugh Smythe, MD, University of Toronto

Pains coming from the neck are frequent. However, most of them are misdiagnosed as the symptoms are perceived somewhere else. Due to thrust and pressure forces in the lower cervical spinal column, the pain is transmitted resulting in the brain drawing false conclusion concerning the localisation of the injury. Repeated damages, especially while sleeping, delay the recovery. An effective treatment requires reliable support of the lower cervical spinal column during the entire night – every night.

Healthy sleep is essential because it is making you forget stressful days and enhancing relaxation. If you do not get the necessary recovery, the consequences are serious: tension headaches, inner restlessness and physical as well as mental loss of power. Therefore, you should act in advance. With the SISSEL® Orthopedic Pillows, your sleep will be quiet and relaxed again.

For more information, ask for the entire study.

## ORTHOPEDIC PILLOWS

### PRESSURE RELIEVING VISCO-ELASTIC FOAM

Pillows made of pressure relieving visco-elastic foam absorb pressure and transfer it downwards to the interior. The foam adjusts slowly to any shape and the pillows are recommended for use in cases of health problems with pressure sensitive muscles.

#### Recommended for:

- acute problems with neck and back muscles
- pressure sensitive muscles
- a specific support for neck, back and shoulder problems

The material responds only slightly to energy applied to it, clearly demonstrating the pressure relieving effect of the visco-elastic foam.

YouTube

## SISSEL® SOFT

### Gentle sleep and soft support – with the visco-elastic orthopedic pillow!

- combines the advantages of the millionfold proven classic SISSEL® shape with the benefits of visco-elastic foam
- the increased isolated pressure distribution together with slightly reduced support or correction intensity makes it the ideal pillow for sensitive neck patients
- due to its delayed elasticity effect, the pillow slowly adjusts to any shape
- no matter how head and shoulders turn at night, your spine is always softly supported
- incl. velours cover (75% cotton/25% polyester, ecru, washable at 40° C)
- pillow core washable by hand
- size: M – approx. 47 x 33 x 11 cm,  
L – approx. 47 x 33 x 14 cm

Our special foam's delayed elasticity effect.

Two covers for better protection of the visco-elastic special foam:

- cotton protection cover
- velours pillow cover with zipper, ivory

110.001.01	Extra pillow cover velours, ecru, size L
110.001.03	Extra pillow cover cotton, white, one size

## GENTLE SUPPORT PILLOWS

### VISCO-ELASTIC FOAM

The right choice especially for sensitive users: On the gentle support pillows, head and neck rest literally weightless. They perfectly adapt and provide a soft but stable base with slightly less correction intensity than the SISSEL® Orthopedic Pillows. Vertebrae and muscles can sufficiently relax and regenerate, blood circulation remains unobstructed. For a refreshed start in the new day. The pillow is molded into one piece, guaranteeing consistent quality and long life-span of the material. The soft cover made of fluffy velours offers absolute cuddle comfort.

The soft curve guarantees gentle support of the shoulder and neck, thus relieving vertebrae and intervertebral discs.

## SISSEL® SOFT CURVE

### The gentle support pillow!

- pleasantly soft and reliable neck support in one for relief of the vertebrae and muscles
- perfectly contours to the natural shape of the cervical spine
- high-quality visco-elastic special foam molded into one piece
- durable and shape-retaining
- pillow core washable by hand
- material: visco-elastic foam
- incl. high-quality velours cover (75% cotton/25% polyester), with zipper, ecru, machine washable at 40° C
- available in 4 sizes:  
S (approx. 63 x 30 x 8 cm),  
M (approx. 63 x 32 x 10 cm),  
L (approx. 63 x 32 x 13 cm),

## TRADITIONAL PILLOWS

### VISCO-ELASTIC OR NATURAL FILLING

Our traditional pillows are ideally suited for everyone looking for a comfortable yet health-conscious way to sleep. Depending on the individual needs, the traditional pillow range offers different filling materials. Whereas visco-elastic foam material mainly provides pressure-relief, millet chaff or spelt fillings feature natural support for the neck vertebrae with a temperature and moisture regulating effect.

## SISSEL® DREAM COMFORT PILLOW

### The luxurious pillow for dreamlike sleeping comfort!

- visco-elastic sleeping pillow in gentle wave shape
- pleasantly soft, pressure relieving
- incl. dual purpose cover (top: 25% viscose/74% polyester/1% spandex, bottom: 29% viscose/70% polyester/1% spandex, washable at 60° C)
- pillow core washable by hand
- size: approx. 65 x 38 x 10 cm

YouTube

#### ITEM NUMBER ATTRIBUTES

110.030	SISSEL® Dream Comfort Pillow
110.030.01	Extra pillow cover

## SISSEL® PANICORE

### The millet pillow – natural support for your neck vertebrae!

- precise adjustment to the shape of your head and neck and provides best possible support for your neck vertebrae
- temperature and moisture regulating
- relaxing, gently massaging
- noise and dust reduced
- filling: 100% millet
- pillow case 100% cotton
- size: approx. 60 x 40 cm

**Note:** Product subject to natural weight fluctuations.

100% millet filling

#### Advantages of millet

Millet is fine and soft and because it adjusts to your body it is very pleasant to use. Millet pillows are particularly suitable for those who prefer not to have the soft and natural rustle of spelt husks.

#### ITEM NUMBER ATTRIBUTES

111.004	SISSEL® Panicore, approx. 60 x 40 cm, without cover
---------	---

## SISSEL® PALEA

### The spelt pillow – a present of nature!

- perfectly adjusts to the shape of head and neck
- maintains the ideal line of the cervical spinal column
- moisture and heat regulating
- breathable, relieving
- spelt consists of over 90% of silicon dioxide, therefore, spelt pillows are very agreeable
- not washable
- pillow case 100% cotton
- size: approx. 60 x 40 cm

**Note:** Product subject to natural weight fluctuations.

100% spelt filling

#### Advantages of spelt

Spelt husks regulate moisture, retain body warmth and release it naturally. The pillow adjusts itself to every head and neck and provides a pleasant and stable support.

#### ITEM NUMBER ATTRIBUTES

111.001	SISSEL® Palea, approx. 60 x 40 cm, without cover
---------	--

## SISSEL® BUCHI®

The flexible neck support with natural buckwheat filling!

- supports the neck on long, exhausting trips by car, train or airplane
- ideal as relaxing reading aid at home
- ideally adjusts to the shape of the neck
- lining 100% cotton, cover 100% polyester (washable at 40° C)
- available in three attractive colors

**ADVANTAGES OF BUCKWHEAT FILLING**  
Light, durable, naturally cool. The distinctive buckwheat husks adjust to the body and create supported and firm nests for the head, neck and shoulders.

with anatomically adjusted neckline

**Note:** Product subject to natural weight fluctuations.

116.010.01	SISSEL® Buchi® Soft, extra cover, blue/gray

## SISSEL® COMFORT

Optimal positioning for all ages!

- ideal aid for positioning and care of the elderly
- perfect for daily relaxation and support of babies and adults
- use for nursing – takes the strain off arms and shoulders
- during or immediately after pregnancy individual body parts (especially abdominal wall and perineum) can be specifically relaxed while resting in a supine or lateral position
- cotton, velours (washable at 40° C) and PU covers available
- size: approx. 195 x 35 cm
- in practical fleece bag with zipper

Different filler materials available:

- our **polystyrene pillow** – with micro beads, pleasantly contour to your body, tested for harmful substances, machine washable up to 60° C, with zipper for refilling
- our **polypropylene pillow** – washable up to 95° C, with zipper for refilling, no loss of volume due to multiple shock resistance of the slightly larger beads

Stable positioning of babies in supine or lateral position – babies feel safe and secure.

\*Cover incl. strap – perfectly suitable for forming a nest and positioning the baby

Different covers available:

Cotton covers 100% (washable at 40° C)

Velours covers (75% cotton/25% polyester, washable at 40° C)

PU-cover: Polyurethane

Principle of the sitting wedge

**Without sitting wedge:**  
Difficult to maintain an upright sitting position, tendency to develop a hunchback posture.

**With a SISSEL® sitting wedge:**  
The body moves effortlessly to an upright posture, the pelvis tilts slightly forwards.

## SISSEL® SIT AIR

The comfortable wedge seat for active, upright sitting!

- continuous, gentle mobilization of the back and core muscles
- sitting comfort and sitting dynamics variable due to integrated valve
- anatomically optimized design prevents heat pockets
- use to upgrade uncomfortable, unhygienic seating while travelling, such as airplane or train seats
- mesh cover for increased air flow
- material: pillow core PU foam, cover 100% polyester
- size: approx. 35.5 x 35 x 5.5 cm

Perfect for on the go – easy to roll up and store away thanks to valve

with rubberized bottom

SISSEL® Fitbands – the bands with reduced protein contents. Latex bands are an indispensable part of therapy but the basic material, latex, usually contains a high level of proteins. The SISSEL® Fitband is different. Most of the proteins in the natural material latex which cause an allergic reaction have been removed by using a complex cleaning process. The result is a band proven to have fewer allergens.

### SISSEL® FITBAND PLUS & SISSEL® FITBAND ESSENTIAL

#### A strong band for workout and therapy!

- supports therapy, movement exercises and muscle increase for all ages
- available in 4 levels of resistance for progressive exercising
- less powder – nice to touch

# PILATES MATWORK

A perfect harmony of body, mind and soul, a toned, attractive body, strength and mental power combined in a unique exercise system – that's Pilates. Practiced by many celebrities, stars and dancers for years, Pilates has entered the fitness mainstream.

## \* Product information

Design your individual exercise challenge with our variety of materials ...

**PE** (Polyethylene)

**EVA** (Ethylen Vinyl Acetat)

**EPP** (Expanded Polypropylene)

## PILATES – BODY & MIND TRAINING

The secret of the method is its holistic approach with multiple positive effects on body and mind: Pilates perfectly tones and shapes the body. It improves flexibility, strength, endurance and mental balance. The pay for the effort is a completely new way your body looks, feels and performs everyone is thrilled of – no matter what age. Pilates matwork, formerly called the "divine discipline" by Joseph Pilates, is the most well-known facet of Pilates training. He developed countless gentle yet extremely effective exercises, which can be practiced on a mat without accessories. In addition, depending on the level of difficulty desired, small props such as Pilates bands, balls, rollers etc. can be used to modify and intensify the exercises. Pilates matwork can be easily practiced at home. In addition, many gyms and physiotherapy practices have integrated the method and offer Pilates matwork as personal training or group classes.

**A growing number of fitness- and health-conscious people are fascinated by the unique whole body training. And for a very good reason. Joseph Pilates, founder of the legendary Pilates method (\*9.12.1883 in Mönchengladbach, † 1967 in New York), himself predicted:**

*"After 10 sessions you'll notice a difference, after 20 others will notice, after 30 you'll have a whole new body."*

## SISSEL® PILATES TONING BALL

**A perfect addition to your Pilates mat program!**

- exercises arms, shoulders and upper body
- toning balls can be easily integrated into many more Pilates exercises

# SPINEFITTER

BACK IN BALANCE

During a successfully conducted international study investigations were undertaken to show the extent to which a special SPINEFITTER training programme improves the mobility of the thoracic spine, the cervical spine and the shoulder joints. Further, it was determined whether its application leads to a reduction in tension and pain in the shoulder and neck area. The results of the study show significant improvements in the areas studied.

Read more about the Study in the PT April 2022 or online on [www.spinefitter.com](http://www.spinefitter.com)

In our **workshops** you will learn more about the versatile application possibilities of the SPINEFITTER by SISSEL® in therapy and training. You can find more information at [www.spinefitter.com](http://www.spinefitter.com)!

by

## SPINEFITTER BY SISSEL®

### The innovation for a healthy back

The unique shape of the SPINEFITTER is easy to use and aids in loosening the shoulder-neck area. The small vertebral joints of the spine are opened and can decrease blockages through movement on the SPINEFITTER. Resting on the SPINEFITTER in the supine position has a relaxing and strengthening effect. The SPINEFITTER can be used for exercises from the areas of spinal gymnastics, Pilates and Yoga. New stimuli are set through easier joint positions and challenging motions (balance). Intuitive handling and a quickly noticeable effect make the SPINEFITTER an ideal piece of equipment for regular training in the Pilates or fitness studio, in therapy or at home.

- innovative training device with 28 interconnected balls
- the small balls help to relieve tension through deep pressure
- improve joint mobility
- strengthens deep muscular tissue

## SPINEFITTER BY SISSEL® TRIGGER TOOL

For the targeted relaxation of trigger points – the Trigger Tool is an attachable module for expanding the SPINEFITTER by SISSEL® System.

It allows targeted, punctual pressure to be applied to trigger points, hardenings, and tensions. Consequently, the module offers a simple way to autonomously release trigger points and hardenings along the spine most precisely and, thus, contribute to pain relief. Thanks to the simple click system, the SPINEFITTER by SISSEL® Trigger Tool can be effortlessly connected to the SPINEFITTER and SPINEFITTER Mini.

- material: polyurethane
- colour: melon yellow
- dimensions: approx. 12 x 4.5 x 7 cm
- weight product: approx. 55 g
- maximum user weight: 150 kg
- optimum degree of hardness\*
- individually placeable

NEW

YouTube

Thanks to the simple click system, the SPINEFITTER by SISSEL® Trigger Tool can be effortlessly connected to the SPINEFITTER and SPINEFITTER Mini.

ITEM NUMBER	ATTRIBUTES
162.308	SPINEFITTER by SISSEL® Trigger Tool

\* The shape and hardness of the Trigger Tool have been selected in such a way that the trigger points are targeted effectively yet as gently as possible.

## SPINEFITTER BY SISSEL® MINI

The mini version of the SPINEFITTER by SISSEL®.

- extra small and light – perfect for traveling, in the office or on the go
- supports segmental spine mobilization exercises
- helps with fascia loosening of individual areas
- suitable for balance exercises and for strengthening of deep muscle structures
- incl. SPINEFITTER carrying strap

ITEM NUMBER	ATTRIBUTES
162.304	SPINEFITTER by SISSEL® Mini

## SPINEFITTER BY SISSEL® EXTENSION KIT

- extends the regular SPINEFITTER by SISSEL® by 12 cm (2 pairs of balls)
- Contains: 1 x SPINEFITTER by SISSEL® Mini and 1 x Connector
- ideal for people over 180 cm
- simple click system ensures correct alignment of the extension kit

ITEM NUMBER	ATTRIBUTES
162.306	SPINEFITTER by SISSEL® Extension Kit

## SPINEFITTER BY SISSEL® LINUM AND LINUM PRO

The precisely fitting SPINEFITTER overlay with natural linseed filling can be used for heat and cold applications on the SPINEFITTER. Perfect for relaxation, loosening of the musculature before or after training or to relieve pressure on the paravertebral muscles.

- for heat or cold application
- ideal for relaxing or loosening the muscles
- Filling: linseed
- can be combined with the SPINEFITTER by SISSEL® and Extension Kit
- dimensions: approx. 84 x 12 x 2 cm

### SPINEFITTER by SISSEL® Linum

- ideal for use at home with a soft cover made of 100 % cotton

### SPINEFITTER by SISSEL® Linum Pro

- specially developed for use in physiotherapy practices, Pilates and fitness studios – thanks to the wipeable and disinfected surface
- cover: 100 % Polyester / PU coating

SPINEFITTER not included

with hook-and-loop fastener on both ends for simple insertion of the SPINEFITTER by SISSEL® and the optional Extension Kit

#### ITEM NUMBER ATTRIBUTES

- 162.310 SPINEFITTER by SISSEL® Linum, anthrazit

## SISSEL® VINO THERM

### The natural heating pad – tri-sectional. For specific treatment of neck, shoulder, back and kidney region!

- 100% grape seed filling – no further filling material added
- pleasant scent when heated
- tri-sectional shape for convenient usage and perfect fit
- easy and fast heating in microwave or oven
- 100% cotton case
- size: approx. 35 x 19 cm

#### Advantages of grape seed filling

Grape seeds are naturally fine and fit snugly and lightly to the body. They contain grape seed oil which stores heat for a long time and releases it as a dry warmth which penetrates deep into the body. Use: To relax tense muscles, warm up muscles before massage or for cold-related discomfort.

approx. 20 x 40 cm

approx. 23 x 26 cm

approx. 23 x 26 cm

heart-shaped

### The power of natural filler material:

Seeds and cherry stones warm up very quickly and release heat slowly and steadily. They fit snugly to the body and provide a sense of well-being.

suitable for heat application with SISSEL® Comfy Belt (see page 73)

### ITEM NUMBER ATTRIBUTES

110.019.01 SISSEL® Hygienic cover, bag of 10

## SISSEL® HANG UP & SISSEL® HANG UP PRO

### The versatile inversion tables for home and professional use!

- increasing stress on musculature, joints and the spinal column caused by physical activities, like sports, excessive workouts, bending, lifting, long sitting or standing lead to compression and rotation pressure and are often the reason for complaints
- the reversed strain during exercises with the inversion table automatically creates a relief
- eases tensions, contributing to a sustainable pain relief
- enhances blood circulation
- can also be used for athletic workouts, such as sit-ups
- fast set up, space-saving storage

### Inversion for back problems

A full or partial inversion stretches the back naturally, enabling the spine and weight-bearing joints to relax and recuperate. The stretching is determined by the body's own weight and is therefore automatically customized.

### SISSEL® Hang Up

- the compact inversion table
- suitable for body heights of approx. 1.40 m up to 1.98 m
- maximum height approx. 2.05 m to 2.09 m (with maximum body height adjustment)
- max. body weight: approx. 110 kg

SISSEL® Hang up

### SISSEL® Hang Up Pro

- the comfortable inversion table for highest demands
- padded, quick-release ankle locking system
- durable steel construction
- high-quality foam backrest with wave structure for increased comfort
- patented break bar system locks at any inversion angle
- nonskid floor stabilizers for extra stability
- suitable for body heights of approx. 1.45 m up to 2.00 m
- max. body weight: approx. 160 kg
- size: approx. 83 x 140 x 145.5 cm

SISSEL® Hang up Pro
