

EMB100

Residential Compact Lift

MADE IN EU

EMB100

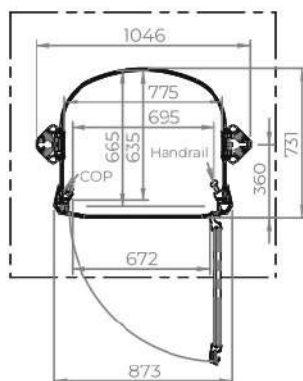

Residential Compact Lift

EMB100 elevator is a great solution for people who have difficulty climbing stairs. Lightweight and with an aesthetic design, it will take up very little space in your home.

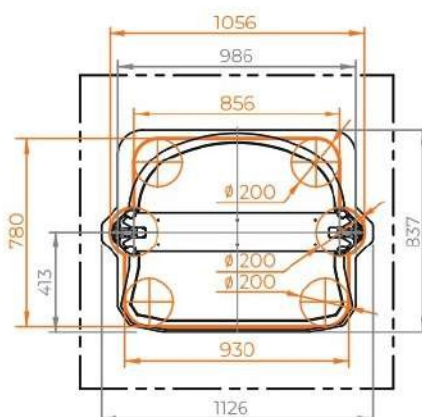

In fact, it will be almost invisible. Easy and quick installation will save you money and time, so you can use it the day after installation work. The platform is large enough to accommodate 2 persons.

Shaft and door:

Floor cutout:

If you are looking for a **safe and convenient way to move between floors** in your home, the EMB100 lift can become an indispensable part of your daily life.

EMB100 LIFT ADVANTAGES:

- Easy to install
- Does not require an elevator shaft
- Very safe
- Comfortable and stylish
