Juvo C7 RWD	
Alle prijzen in €, **incl 6% BTW**	**€ 12.160,74**
Geldig: 01.01.2026 - 31.12.2026	
Prijswijzigingen, zet -en/of drukfouten voorbehouden	
Mail uw bestelling naar **mbx@ottobock.com**	

Maximale draagkracht: 160 kg

Bij het plaatsen van de bestelling gaat u akkoord met de naleving van de gebruiks-/servicehandleidingen voor accessoires en producten van andere fabrikanten wanneer deze worden gecombineerd met een Ottobock-product, naast de gebruiks-/servicehandleidingen van de betreffende Ottobock-producten. U bevestigt ook dat u onze algemene voorwaarden hebt gelezen, begrepen en geaccepteerd. Daarnaast gaat u, bij het plaatsen van een bestelling, akkoord met het uitvoeren van uw eigen conformiteitsbeoordeling of goedkeuring in overeenstemming met de nationale eisen, indien en wanneer u wijzigingen of toevoegingen doorvoert die niet voldoen aan de specificaties van de Ottobock-gebruiks-/servicehandleidingen.

11.10) Not possible in conjunction with the combination of VAS (Vario Adjust Seat), seat width > 40 cm and seat depth 38 cm or 40 cm, see table “seat cushion Contour with flat or deep contour” (490E68=0-Contour)
11.11) Not possible in conjunction with the combination of VAS, VAS XL and seat depth 58 cm, see table “seat cushion Contour with flat or deep contour” (490E68=0-Contour)
11.12) See table “seat cushion Contour² with flat or deep contour” (490E68=0-Contour2-Sitz)
11.13) Not possible in conjunction with seat depth 38 cm, 40 cm, 42 cm or 44 cm, see table “seat cushion with flat contours, with deep contours” (490E68=0-Contour)
11.14) Possible only in combination with VAS XL
11.15) Not possible in conjunction with VAS XL
14.0) Possible only in combination with seat cushion Contour with flat or deep contours or Contour² with flat or deep contour
14.1) Not possible in conjunction with SW > 54 cm
15.1) Possible only in combination with Seat system VAS (Vario Adjust Seat)
15.4) Possible only in combination with seat system VAS or APS
15.5) Not possible in conjunction with the combination of seat system VAS and maximum user weight > 125 kg
15.9) Possible only in combination with standard seat or VAS (Vario Adjust Seat)
18.0) Possible only in combination with back version Contour² with flat or deep contour
18.1) Mandatory information in combination with Contour² with flat or deep contour
18.2) See table “back version Contour² with flat or deep contour” (490E68=0-Contour2-Ruecken)
19.0) Possible only in combination with Back version Contour with flat or deep contours or Contour² with flat or deep contour
19.1) Possible only in combination with back version Contour with deep contours or Contour² with deep contour
20.0) Possible only in combination with back version Baxx aluminium back
20.1) Mandatory information in combination with back version Baxx aluminium back
20.2) Cannot be combined with back width 34 cm, 36 cm or 38 cm, see table “Back version Baxx aluminium back” (490E68=0-Baxx)
21.1) Not possible in conjunction with the combination of seat system APS and Back height for Baxx back 74 cm (Tall 18"/46 cm, AFT) or 79 cm (Extra Tall 20"/51 cm, AFT), see table “Back version Baxx aluminium back” (490E68=0-Baxx)
21.2) Not possible in conjunction with the combination of seat system APS and Back height for Baxx back 53 cm (Low 10"/25 cm, AL) or 61 cm (Medium 13"/33 cm, AL), see table “Back version Baxx aluminium back” (490E68=0-Baxx)
21.3) Not possible in conjunction with the combination of seat system APS and back width 34 cm, 36 cm or 38 cm and Back height for Baxx back 69 cm (Standard 16"/41 cm, AL), see table “Back version Baxx aluminium back” (490E68=0-Baxx)
24.1) Possible only with seat inclination 0°
24.3) Not possible in conjunction with the combination of Drive type Rear Wheel Drive and Seat system Standard seat smal, large, XL
24.6) Not possible in conjunction with the combination of Country of destination France and Product classification Category C
24.7) Cannot be combined with LL < 32 cm
25.0) Possible only in conjunction with the combination of Seat height ≥ Lower leg length + 6 cm and Seat system Standard seat, VAS, VAS XL or with the combination of Seat height ≥ Lower leg length + 8 cm and Seat system APS
25.2) See table “seat hight” (490E68=0-Sitzhoehe)
25.3) Not possible in conjunction with the combination of seat system VAS, VAS XL and Drive type Front Wheel Drive and Electric seat adjustment Without and Seat depth 54 - 58 cm
25.4) Not possible in conjunction with the combination of seat system VAS, VAS XL and Drive type Front Wheel Drive and Electric seat adjustment Without and Seat width 48 - 70 cm
25.5) Not possible in conjunction with the combination of Drive type Front Wheel Drive (FWD) and seat system VAS, VAS XL and SW 52 cm - 56 cm
26.0) Mandatory information in combination with standard seat, VAS or VAS XL
28.0) Possible only in combination with head/neck support mounting kit, UniLink, multi-axis or seat system APS
29.0) Possible only in combination with head/neck support mounting kit or seat system APS
29.1) Mandatory information in combination with head/neck support mounting kit or seat system APS

29.2) Possible only in combination with head/neck support mounting kit, Goose Neck or Multi-axis, offset or Multi-axis, straight
30.1) Not possible in conjunction with the combination of standard seat, small, seat depth < 42 cm and seat width > 38 cm
30.3) Possible only in combination with SW >/= 60 cm
32.1) Possible only in combination with Seat systems VAS or VAS XL
33.1) Possible only in combination with accessories for APS back support bar
34.1) Not possible in conjunction with the combination of standard seat, small and seat width 38 cm or 40 cm
34.2) Not possible in conjunction with the combination of standard seat, large and seat width 44 cm or 46 cm
34.3) Not possible in conjunction with the combination of standard seat, XL and seat width 50 cm or 52 cm
34.4) Possible only in combination with SD > 48 cm
34.5) Not possible in conjunction with the combination of seat system VAS, VAS XL and Electric seat adjustment without and SD < 42 cm
34.6) Cannot be combined with belts lap belt with rewinder, metal buckle
34.7) Possible only in combination with maximum user weight ≥ 125 kg
36.1) Mandatory information in combination with seat system APS
37.1) Possible only in combination with arm support flip-up, right - pad, short or pad, large or arm support, medium
37.2) Possible only in combination with arm support flip-up, right - pad, short or pad, large
39.1) Possible only in combination with arm support flip-up, left - pad, short or pad, large or arm support, medium
39.2) Possible only in combination with arm support flip-up, left - pad, short or pad, large
40.1) Possible only in combination with selected lower leg length
40.2) Not possible in conjunction with selected lower leg length
40.3) Cannot be combined with Drive type Rear Wheel Drive (RWD)
40.4) Not possible in conjunction with the combination of standard seat, VAS, VAS XL and lower leg length < 21 cm
40.5) Not possible in conjunction with the combination of VAS, VAS XL and seat depth 38 cm and arm support, flip-up
40.7) Not possible in conjunction with the combination of seat system VAS, VAS XL and maximum user weight > 180 kg
40.8) Not possible in conjunction with the combination of seat system standard seat and electric seat adjustment without
40.9) Not possible in conjunction with the combination of seat system VAS, VAS XL and electric seat adjustment without and SH 41 cm
40.10) Not possible in conjunction with the combination of seat system VAS and Seat width (SW) 40 cm
41.0) Cannot be combined with leg support version, without leg support or Centrally mounted, mechanical
41.1) Mandatory information in combination with leg support version, standard, mechanically elevating, electrically elevating or Centrally mounted
41.2) Not possible in conjunction with the combination of standard seat and lower leg length < 25 cm
41.3) Not possible in conjunction with the combination of VAS, VAS XL and lower leg length < 24 cm
41.5) Cannot be combined with leg support version, mechanically elevating or electrically elevating
41.6) Not possible in conjunction with the combination of maximum user weight > 140 kg and leg support version, electrically elevating, simultaneously controllable
41.7) Cannot be combined with leg support version, mechanically elevating or electrically elevating, separate controllable
41.8) Possible only in combination with Leg support version Centrally mounted or Seat systems APS
41.9) Cannot be combined with Leg support version Centrally mounted
41.10) Mandatory information in combination with Leg support version Centrally mounted or Seat systems APS
42.1) Possible only in combination with leg support version, mechanically or electrically elevating
42.2) Cannot be combined with foot plate version individual, aluminium foot plate, small
42.3) Possible only in combination with Foot plate version Single-panel, aluminium foot plate
42.4) Possible only in combination with leg support version, standard or without leg support
44.1) Not possible in conjunction with Argentina, Australia, Brazil, Hong Kong, Japan, Canada, Columbia, Mexico, Thailand, United Kingdom or United States of America as the country of destination
44.2) Not possible in conjunction with Argentina, Brazil, Canada, Columbia, Mexico or United States of America as the country of destination
44.3) Possible only in combination with Batteries/Battery capacity Gel 94 Ah (C5) 110 Ah (C20)
44.4) Not possible in combination with Batteries/Battery capacity Gel 94 Ah (C5) 110 Ah (C20)
45.1) Possible only in combination with battery charger 12A
49.1) Possible only in combination with tyre colour, grey
51.1) Not possible in conjunction with Australia or Russia as the country of destination
52.1) Not possible in conjunction with the combination of Seat system APS and unselected accessories for APS multi bar on back support bar
53.1) Cannot be combined with chassis accessories rear warning sign
53.2) Possible only in combination with general accessories hooks for backpack
53.3) Not possible in conjunction with Australia as the country of destination
53.4) Cannot be combined with arm support flip-up, right or arm support flip-up, left - arm support, medium or arm support, medium with hand support, flat or arm support, medium with hand support, concave or arm support, large, one-piece or arm support, large with hand support, flat or arm support, large with hand support, concave
53.5) Possible only in combination with maximum user weight ≤ 180 kg
53.6) Not possible in conjunction with the combination of Seat System APS and unselected accessories for APS - multi bar on back support bar
53.7) Cannot be combined with general accessories holder for tablet with gooseneck
53.8) Cannot be combined with general accessories holder for mobile phone with gooseneck
53.9) Cannot be combined with accessories for APS thigh lateral support, size S
53.10) Cannot be combined with accessories for APS thigh lateral support, size M
53.11) Not possible in conjunction with the combination of Drive type Rear Wheel Drive (RWD) and Electric seat adjustment Seat tilt 45°, Seat tilt, Seat height adjustment 35 cm, Seat height adjustment 35 cm with seat tilt 45 °, Seat height adjustment with tilt (multi lift) and Maximum user weight > 113 kg
53.12) Not possible in conjunction with the combination of Rear Wheel Drive (RWD) and Maximum user weight > 140 kg
53.13) Not possible in conjunction with the combination of accessories for arm support, right multi bar and accessories for arm support, left multi bar
53.14) Not possible in conjunction with the combination of standard seat, small and seat depth < 42 cm
53.15) Not possible in conjunction with the combination of standard seat, small and electric seat adjustment seat tilt 45°, seat height adjustment up to 35 cm or seat height adjustment up to 35 cm with seat tilt 45°
53.16) Not possible in conjunction with the combination of VAS (Vario Adjust Seat) and seat depth < 46 cm
53.17) Possible only with arm support, flip-up
55.1) Not possible in conjunction with the combination of all countries of destination except Other countries, Argentina, Australia, Brazil, France, Hong Kong, Japan, Canada, Columbia, Korea, Mexico, Russia, Switzerland, Thailand, United Kingdom or United States of America and product classification category B (In-/Outdoor)

55.2) Cannot be combined with Country of destination Germany
56.1) Theoretical total weight (without special requests) = sum of the selected characteristic value weights
56.2) Cannot be combined with theoretical total weight > 380 kg (the evaluated options exceed the permissible total weight of 380 kg)
57.1) Possible only in combination with battery charger 12A and charging socket - external magnetic charging socket
57.2) Not possible in conjunction with the combination of general accessories rearview mirror and therapy tray
57.3) Cannot be combined with general accessories therapy tray
57.4) Cannot be combined with General accessories Hand warmer with one-hand-hood
57.5) Cannot be combined with charging socket - external magnetic charging socket
58.0) Possible only in combination with input for ICON power module - ICON hand module, colour selectable
58.1) Mandatory information in combination with input for ICON power module - ICON hand module, colour selectable
59.0) Possible only in combination with input for ICON power module - ICON hand module, Silver metallic
59.1) Mandatory information in combination with input for ICON power module - ICON hand module, Silver metallic
59.2) Not possible in conjunction with the combination of seat systems APS
60.0) Possible only in combination with input for ICON power module - ICON hand module, Silver metallic or ICON tray module, manual flip over
60.1) Mandatory information in combination with input for ICON power module - ICON hand module, Silver metallic or ICON tray module, manual flip over
60.2) Cannot be combined with arm support flip-up, right - arm support, medium with hand support, flat or arm support, medium with hand support, concave or arm support, large with hand support, flat or arm support, large with hand support, concave
60.3) Cannot be combined with arm support flip-up, left - arm support, medium with hand support, flat or arm support, medium with hand support, concave or arm support, large with hand support, flat or arm support, large with hand support, concave
61.1) Cannot be combined with input for ICON power module - ICON tray module, manual flip over
65.1) Mandatory information in combination with electric seat adjustment transfer seat (Active Access)
66.0) Mandatory information in combination with ICON switch module
66.1) Cannot be combined with ICON switch module keypad, toggle
66.2) Cannot be combined with input for ICON power module - without hand module
67.0) Mandatory information in combination with input for ICON power module - without hand module
68.0) Possible only in combination with modules for ICON control unit - ICON LCD module
68.1) Mandatory information in combination with modules for ICON control unit - ICON LCD module
68.2) Cannot be combined with general accessories therapy tray or input for ICON power module - ICON tray module, manual flip over
69.1) Not possible in conjunction with the combination of unselected input for ICON power module - without hand module and unselected addition for ICON LCD module - ICON AID adapter
70.0) Possible only in combination with additions for ICON LCD module - ICON AID adapter
71.0) Possible only in combination with Special Input Device for ICON LCD module - calibratable mini joystick
71.1) Mandatory information in combination with Special Input Device for ICON LCD module - calibratable mini joystick
72.0) Possible only in combination with Special Input Device for ICON LCD module - button control
72.1) Mandatory information in combination with Special Input Device - button control
73.0) Possible only in combination with number of button for button control = 3, 4
73.1) Mandatory information in combination with number of button for button control = 3, 4
76.0) Possible only in combination with number of button for button control = 4
76.1) Mandatory information in combination with number of button for button control = 4
77.0) Possible only in combination with Special Input Device for ICON LCD module - Micro Joystick, Multi Joystick, All-round Joystick light, All-round Joystick, All-round Heavy Duty Joystick or calibratable mini joystick
77.1) Mandatory information in combination with Special Input Device for ICON LCD module - Micro Joystick, Multi Joystick, All-round Joystick light, All-round Joystick, All-round Heavy Duty Joystick or calibratable mini joystick
77.2) Cannot be combined with Special Input Device for ICON LCD module - All-round Heavy Duty Joystick
77.3) Not possible in conjunction with the combination of back height for Contour² 75 cm (cushion length 56 cm) or height for Baxx back 79 cm (Extra Tall 20"/51 cm, AFT) and unselected accessories for APS back support bar
77.4) Cannot be combined with Special Input Device for ICON LCD module - All-round Joystick light, All-round Joystick, All-round Heavy Duty Joystick
77.5) Cannot be combined with mounting ICON switch module in front of hand module
77.6) Cannot be combined with Special Input Device for ICON LCD module - All-round Heavy Duty Joystick or calibratable mini joystick
77.7) Cannot be combined with Back extension VAS: Back extension VAS up to +15 cm, Back extension VAS +15 cm with traverse
78.0) Possible only in combination with attachment for Special Input Device chin swivel arm, left or chin swivel arm, right
78.1) Mandatory information in combination with attachment for Special Input Device chin swivel arm, left or chin swivel arm, right
79.1) Cannot be combined with holder for hand module swing-away in parallel, 6 cm adjustment range, pluggable or swing-away in parallel, 14 cm adjustment range, pluggable
80.0) Possible only in combination with control unit for attendant
80.1) Mandatory information in combination with control unit for attendant
82.1) Possible only in combination with total weight ≤ 320 kg
83.1) For Germany as the country of destination, this is possible only in conjunction with the combination of chassis accessories rear warning sign and lighting acc. to German StVZO
83.2) Possible only in combination with total weight ≤ 260 kg
83.3) Cannot be combined with Seat height (SH) > 49 cm
83.4) Possible only in combination with drive unit High Performance
83.6) Possible only in combination with drive unit Performance
84.0) Possible only in conjunction with the combination of Germany as the country of destination and speed > 6 km/h
84.1) Mandatory information in conjunction with the combination of Germany as the country of destination and speed > 6 km/h
87.0) Possible only in combination with additional instructions for use, qualified personnel
87.1) Mandatory information in combination with additional instructions for use, qualified personnel
88.0) Possible only in combination with additional instructions for use, user
88.1) Mandatory information in combination with additional instructions for use, user
90.0) Mandatory informationin in conjunction with the combination of Back version Back upholstery, adaptable and SW > 54 cm
90.1) Not possible in conjunction with the combination of Back version Back upholstery, adaptable and SW > 54 cm
90.3) Not possible in conjunction with Accessories for VAS Push handles
90.4) Not possible in conjunction with Back version: Contour with flat contour, AD, Contour with deep contour, AD, Contour with flat contour, AD, XL, Contour with deep contour, AD, XL, Baxx aluminium back
