

HEEL PADS

IN GEL, HIGH RESILIENCE
ZYPREX FOAM OR
VISCOELASTIC
ALOVA FOAM

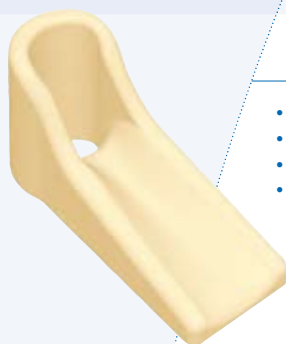

- **Efficiency:** reduction and/or pressure relief of localized pressure points.
- **Safety:** optimised performance based on needs.
- **Ergonomics:** adapted to different morphologies.

HEEL PADS

FOOT SPLINT

- Complete heel relief
- Correct orthopedic alignment of lower leg
- Lateral hold of the foot at 100° angle to prevent equinus
- Lower leg slightly inclined to aid blood return flow

Silicone Promust cover

SINGLE PATIENT MINI HEEL PAD

- Complete heel relief
- Ergonomic design - easy to use
- Compact size
- Designed for single patient use

GELSCAR HEEL PAD

- Reduction of pressure applied onto the heel
- Reduction of shear forces on the skin
- Reduced risk of skin "overheating" caused by friction

TECHNICAL FEATURES

DESCRIPTION	REF.	SIZE mm (LEG PART)	PROTECTION	GUARANTEE
FOOT SPLINT	VDTAE410Z	410	Promust Silicone	1 year
	VDTAE450Z	450		
MINI HEEL PAD	VTM/54	190	X	6 months
