

Vehicle ramps

Our vehicle ramps can be a great help in your everyday work, by simplifying loading into and out of a vehicle. The ramps are easily fitted to the car floor using our mounting plates, and installation and removal is a simple manoeuvre by hand. We also custom-design ramps according to your specifications.

Recommendations:

 = Manual wheelchair

 = Electric wheelchair

Two-part ramps

BGR 19   

Weight: 21 kg
Length: 1.82 m
Length folded: 1.02 m
Max load: 400 kg

BGR 21   

Weight: 24 kg
Length: 2.02 m
Length folded: 1.12 m
Max load: 400 kg

BGR 23   

Weight: 26 kg
Length: 2.22 m
Length folded: 1.22 m
Max load: 400 kg

BGR 27   

Weight: 30 kg
Length: 2.62 m
Length folded: 1.42 m
Max load: 400 kg

BGR 27-3   

Weight: 31 kg
Length: 2.65 m
Length folded: 1.02 m
Max load: 400 kg

BGR 33-3   

Weight: 34 kg
Length: 3.25 m
Length folded: 1.22 m
Max load: 400 kg

BGR 37-3   

Weight: 38 kg
Length: 3.65 m
Length folded: 1.35 m
Max load: 400 kg

Three-part ramps

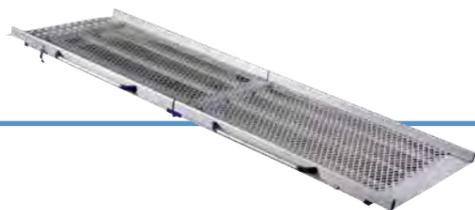

BGR 19-3   

Weight: 26 kg
Length: 1.71 m
Length folded: 0.67 m
Max load: 400 kg

BGR 25-3   

Weight: 30 kg
Length: 2.35 m
Length folded: 0.92 m
Max load: 400 kg

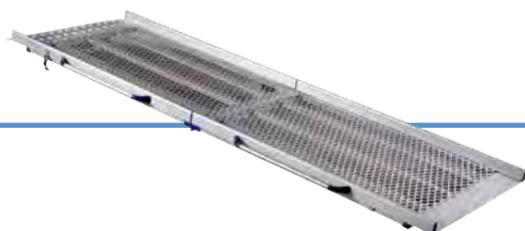

Detached foldable ramps

VR 16   

Weight: 16 kg
Length: 1.6 m
Length folded: 0.8 m
Max load: 400 kg

VR 20   

Weight: 21 kg
Length: 2.0 m
Length folded: 1.05 m
Max load: 400 kg

VR 25   

Weight: 25 kg
Length: 2.5 m
Length folded: 1.3 m
Max load: 300 kg
