

The Rebel is a compact rollator ideal for indoor or outdoor use. Its reactive frame is stable, yet easy to maneuver. The Rebel features ergonomic handles that are angle-adjustable allowing the user to find their optimal hand position. With an easy-to-fold system, it can easily be transported.

#### Perfect Indoors or Outdoors

At home or on the go, the Rebel is the perfect choice. Its reactive frame combined with stable wheels allow the rollator to move smoothly on virtually any surface. Available in an assortment of widths, the Rebel offers a versatile rollator that can be used almost anywhere. The reinforced model for those more robust users features a weight capacity of 250kg/551lb.

#### Easy Folding System

The Rebel folds easily with a convenient folding handle built right into the seat and stands independently even in this folded position. Its compact size and folding system make it an ideal option for transport and

travel. Shown with the basket and backstrap<sup>1</sup>, the Rebel features a full range of accessories to meet the diverse needs of each individual user.

#### Ergonomic Handles

In order to offer the best ergonomics, the handles feature a stable and comfortable grip that distributes the weight put on them evenly. In addition, the Rebel's handles are angle and height adjustable, so that an optimal hand position can be found for each user.

<sup>1</sup> Backstrap and basket are optional in all countries except for Canada
