TARTA[®]

RESHAPES LIFE

Main features

Customization

Designed to be adaptable to the user's needs, every single part of the Original can be customised to fit the individual with minimal tools and easy adjustments.

Flexibility

Original® is the most flexible backrest in the world! The central column gives freedom of movement and support to improve quality of life for users.

Comfort

Comfortable washable foam pads can be used in any combination and with 12 different shapes to choose from it is unique to the user's needs.

Design

Original® is the winner of 5 International design contests. These awards confirm the value of this revolutionary product.

reddot design award

Features (for more details check "The Guide")

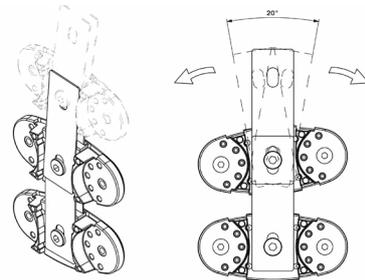

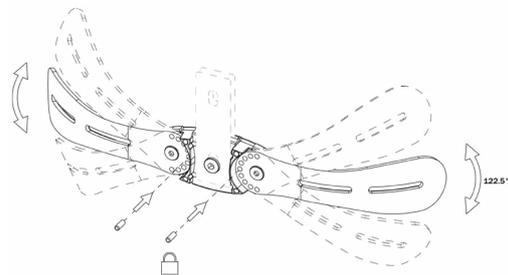

Modular structure

to change easily the length of the backrest! This feature is extremely useful for children.

Extreme customization

to satisfy all the user needs.

Every stave and every vertebrae can be inclined to follow also scoliosis cases.

Soft, breathable and fresh

feeling to maximize the comfort of the backrest.

The spaces between the pads helps to keep dry the back of the user.

Each pad is made of washable foam, realized with breathable technical material for maximal comfort.

Choose your **style.**
