

CareSlope®

Portable ramps for wheelchairs

CareSlope ramps

Materials:	Lightweight fiberglass and aluminium. The non-slip surface is made of soft material. The ramps CSE-240 C and CSE-285 C are reinforced with carbon fiber.
Use:	For indoor and outdoor use. ONLY suitable for manual wheelchairs.
Max load:	300 kg.
Visibility:	Reflextape on every corner of the ramp for maximum visibility.
Availability:	All ramps are 70 cm wide and fits small passages.
Maintenance:	Make simple repairs with spareparts yourself.

Adaptation table:

CareSlope ramps	Inclination: 5° Step height in cm Very little help needed	Inclination: 8° Step height in cm Little help needed	Inclination: 10° Step height in cm Help needed	Inclination: 15° Step height in cm A lot of help needed
CSE-65	5 cm	9 cm	11 cm	15 cm
CSE-100	8 cm	13 cm	17 cm	24 cm
CSE-120	10 cm	16 cm	20 cm	30 cm
CSE-150	13 cm	20 cm	25 cm	37 cm
CSE-175	15 cm	24 cm	30 cm	43 cm
CSE-200	17 cm	27 cm	34 cm	50 cm
CSE-240 C	20 cm	33 cm	41 cm	60 cm
CSE-285 C	24 cm	39 cm	49 cm	73 cm

Use the ramp that is 4 times as long as the step height.
