

SANTIS FORALL

Electrically height adjustable toilet unit
wall mounting

because nobody is
unique...

For-All is, as its name already says,
appropriate for everyone regardless of his
age and his disability.

By pushing a switch which is inserted in
the wall you can adjust the Lift-Toilet from
400 to 750 mm high for your personal
needs.

Due to its exclusive design, you can
integrate it well in your bath -or restroom.
Simultaneously Santis For-All is an ideal
aid for standing up and sitting down.

Advantages:

- Electrical continues lifting up and down as well under load
- Usable as seat and „stand up“ support unit
- Replace almost every wall mounted WC
- Low electricity -24 Volt
- Safety handles can be applied
- Because its fixed to wall means easy cleaning
