

merlin **FULL HD** -mini

3-IN-1 PORTABLE, FOLDABLE
DESKTOP VIDEO MAGNIFIER

Merlin Full HD-mini offers the same reading comfort, ease of use, and functionality as a desktop video magnifier but in a compact and foldable design. With its 3-in-1 rotating camera, you can magnify text and objects up close, at a distance, and even view yourself.

More Choices. More Solutions. You'll see.

A VISPERO[®] BRAND

Merlin Full HD-mini is the ideal solution for people who need magnification in different locations. With Merlin Full HD-mini, you can comfortably read text and view objects at home, in the office or classroom, and even on the go. Its foldable design makes it extremely easy to take Merlin Full HD-mini with you, and store it when not in use.

Lightweight, easy to carry

Easy to fold and store

Merlin Full HD-mini Features:

- 3-in-1 rotating camera allows you to read text and view objects up close, in the distance, and even view yourself
- Crisp, clear full HD image—1080p with auto-focus
- Generous 15.6” or 17.3” screen that easily folds away
- Portable—easy to transport and use in different locations
- Unique zoom and pan features
- 3 selectable magnification ranges to suit your vision needs
- Read full pages without repositioning your material thanks to the moveable camera
- Connect to your TV screen via HDMI for an even larger image
- Up to 5-hour battery life
