

The new generation

# Curved

Stannah Stairlifts.

Take a fresh  
look at stairlifts.  
We have.

The supremely comfortable new Sofia stairlift, shown in Flame colour woven fabric.

**Two brand new models.  
Two exciting new looks.**

Our stunning new Solus and Sofia stairlifts for curved stairs reveal our refreshingly modern approach to design. So now you can transform your home into one-level living in absolute style. Developed hand-in-hand with one of Europe's leading product design consultancies, our two new generation stairlifts are as stylish as they are practical - giving you the very best of both worlds.

**Design inspiration.  
Product innovation.**

Distinctively different in appearance, both the classic contemporary Sofia and the ultra-modern Solus make a real style statement. Both models come in indulgent woven fabrics and in a range of rich, warm shades and cool neutrals to blend in with your décor. The Sofia is also available in soft-to-the touch vinyls and the Solus in fabulous full-grain leather.

**Great performance.  
Great service.**

Not only are the Solus and Sofia incredibly good looking, they're wonderfully easy to use, with a host of innovative features like our unique tiller-style control and one-step folding action. They come with the reassurance of a full guarantee as well as 24-hour local backup, 365 days a year from our nationwide network of service centres. Add a free first service and you've everything you'd expect and more from the makers and installers of the world's best-selling stairlift.

New levels of  
comfort.

Solus stairlift upholstered in Cocoa colour leather.

- Individually adjustable armrests
- Comfortably padded, supportive back
- Unique new seat-load sensor ensures your stairlift can't move until you're safely seated
- Battery powered for quiet operation and a gentle start/stop
- Battery continually recharges so your stairlift is always ready for use, even in a power cut

The new Sofia stairlift, shown in Flame colour woven fabric.

Our exciting new generation stairlifts for curved stairs take style and comfort to new heights. With generously wide seats and tailored-to-you features, they're our most comfy stairlifts yet. So much so in fact, you might just find yourself wishing your other chairs were as relaxing.

### Tailored to suit you.

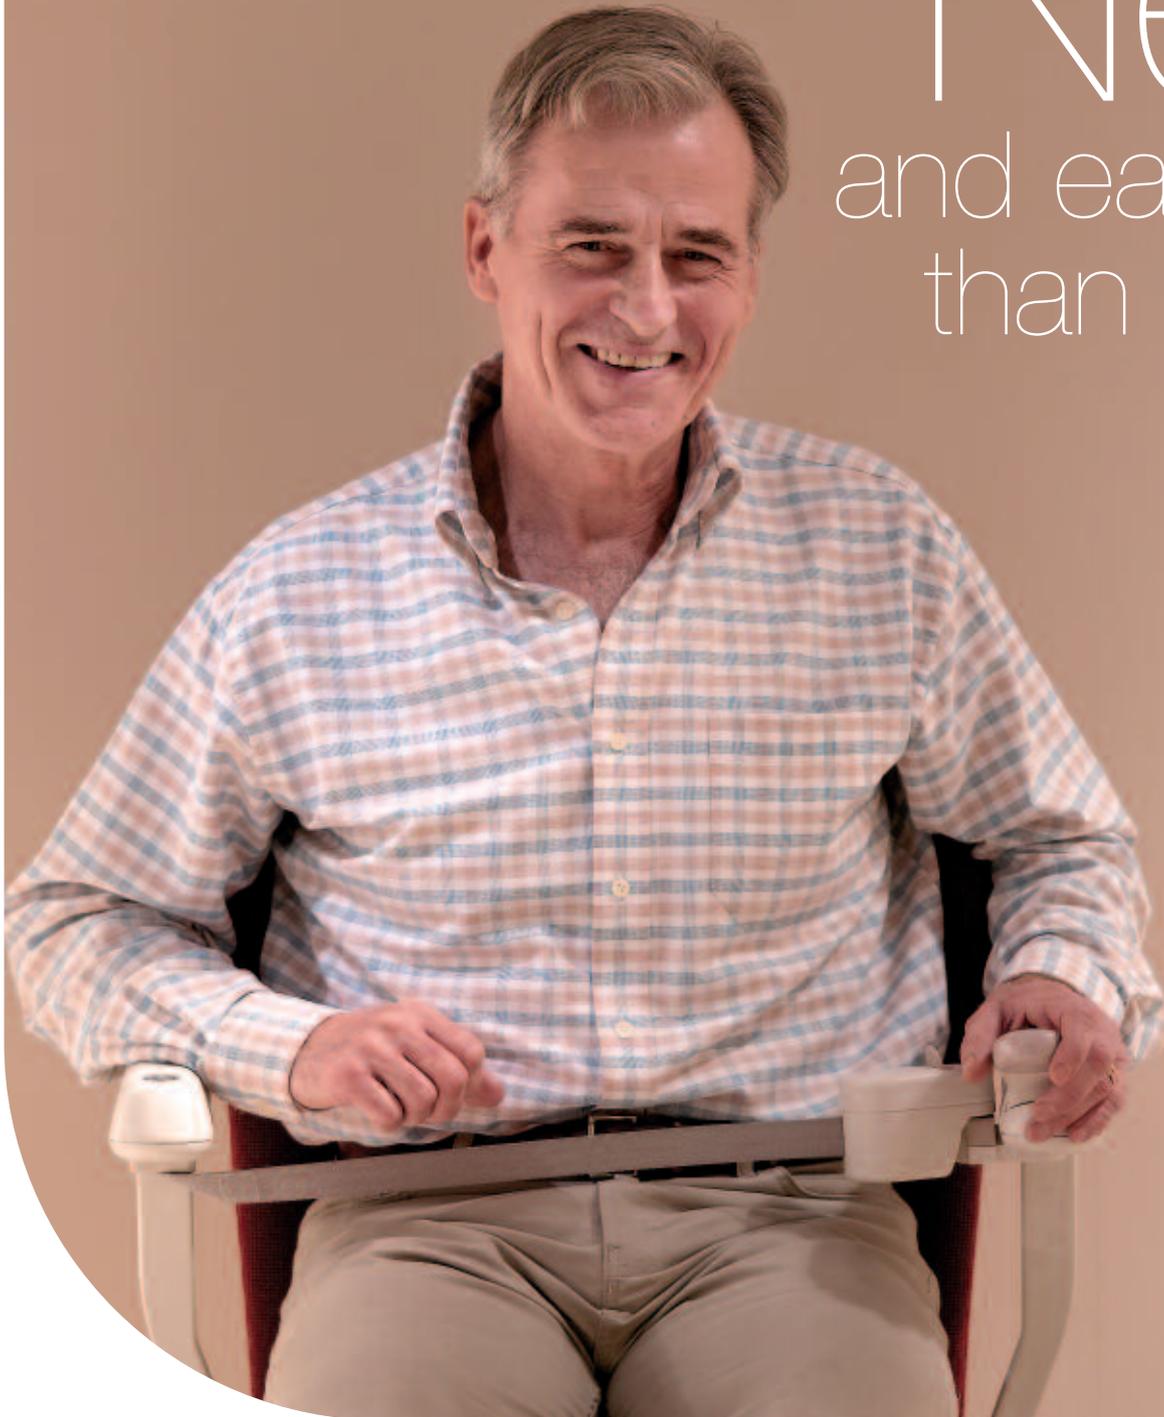

Because we all come in different shapes and sizes, we've made sure that our new stairlifts can be tailored to suit you. That's why both the Solus and Sofia have armrests which can be adjusted in length to make them as perfectly comfortable as possible.

### Relax, we've taken care of everything

When you come to take a seat on your stairlift, our unique new seat-load sensor means it won't move off until you're seated safely. Once you're ready to go, a light touch of the unique tiller-style control is

all it takes to make your stairlift move off gently and smoothly. Finally, when you're not using your stairlift, you can simply fold it up out of the way. Our unique one-step folding action means there's no bending down - a vital safety consideration, especially at the top of the stairs.

New  
and easier to use  
than ever before.

**1** When you're not using your stairlift it can be folded flat against the wall, so it's neat and tidy and not in the way of others wanting to use the stairs. And if you want to keep it safe from children, you can lock it by removing the key cap.

**2** Unfolding your stairlift couldn't be simpler thanks to our unique easy one-step folding action. Just lower the stairlift seat, and the arms and footrest simultaneously unfold, so there's no awkward bending down or fiddling about.

**3** Once unfolded at the bottom of the stairs, with an optional two-way powered swivel seat, lightly press the tiller-style control and your stairlift will automatically swivel around to face you so you can get on easily.

**4** A gentle nudge of the unique, ergonomically designed tiller-style control is all it takes to make your stairlift glide smoothly up or down stairs. And because the stairlift battery continually recharges when it's parked at the top or bottom of the stairs, it's always ready for use, even in a power cut.

**5** At the top of the stairs keep pressing the tiller-style control to make your stairlift swivel round to face the landing. Once in its swivelled position, you can then get off in complete safety with the stairlift blocking the stairwell. The manual swivel is operated by lifting a lever then rotating the seat with your body.

**6** At the top of the stairs, just like at the bottom, your stairlift can be folded neatly flat. The fact that you don't have to bend down to fold the footrest away is an important safety consideration especially at the top of the stairs. Or, it can be left unfolded so that it acts as an effective safety barrier.

# Solus, The ultra-modern new Stannah.

## ERGONOMICALLY DESIGNED CHAIR ■

with supportive back.  
Generously wide, comfortable seat.

## UNIQUE TILLER-STYLE CONTROL ■

operated with just a light touch,  
perfect for less nimble fingers. Can  
be mounted on either arm. Key cap  
at end, useful for immobilising the  
stairlift when children are around.

## UNIQUE ADJUSTABLE ARMS ■

mean your stairlift can be fitted  
to suit your arms' length.  
Comfortable soft-touch arm tops.

## REMOVABLE LINK BARS ■

for easy wheelchair transfer.

## UNIQUE SEAT-LOAD SENSOR ■

ensures your stairlift can't move off  
until you're safely seated.

## SAFETY EDGES ■

nine 'safety edges' ensure the stairlift  
stops immediately if it meets an  
obstruction on your stairs.

## ■ UPHOLSTERY

available in soft woven fabrics or in luxurious  
leather, all in a range of contemporary  
shades to match your décor. (Cocoa colour  
leather featured.)

## ■ UNIQUE EASY ONE-STEP FOLDING

means there's no need to bend down to  
fold your stairlift away - a vital safety  
consideration especially at the top of the  
stairs. Just raise the seat and the arms  
and footrest simultaneously fold up flat.

## ■ UNIQUE RETRACTABLE LAP BELT

can be easily fastened with one hand.

## ■ OPTIONAL UNIQUE TWO-WAY POWERED SWIVEL SEAT

enables you to get off in the safest, most  
convenient position at the top and bottom of  
the stairs. Manual one-way swivel at the top  
of the stairs fitted as standard.

## ■ MANUAL SWIVEL LEVERS

lift up - to avoid accidental swivelling.

### SOLUS COLOURS AND FABRICS.

**OYSTER**
